ABOUT ME

I am a passionate web developer who enjoys building clean, simple, and functional websites and web applications. I like working on both front-end and back-end and always try to write code that is easy to understand and maintain. I believe in learning by doing, improving every day, and turning ideas into real working products.

EDUCATION

| | |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2024 Ardent Computech Pvt. Ltd. | PHP & Laravel Development Training Completed professional training in PHP and Laravel, focusing on backend development, MVC architecture, database-driven applications, and building secure, scalable web solutions. |
| 2020- 2021 Mena Sarojini Pahar High School | Higher Secondary education (11th-12th) Completed Higher Secondary education (12th) in Science under the State Board. During this time, I developed an interest in computers and problem-solving, which later motivated me to pursue software development through self-learning and practical projects. |
| 2013 - 2019 Mena Sarojini Pahar High School | Secondary education (till 10th) Completed my Secondary education (10th) under the State Board, where I built a strong foundation in mathematics, science, and basic computer knowledge. This stage helped develop my logical thinking and interest in technology. |
